

CODE OF CONDUCT

GROUP C, YEAR 1 IT, PERIOD 4

The Code of Conduct contains the set of norms, rules and expectations that all team members are required to meet, while collaborating on a project. The Code of Conduct has been discussed and put together by all team members.

I. ATTENDANCE

- Attendance is not mandatory for all guided ateliers, although it needs to be notified beforehand.
- If a group member is absent and have not notified anybody from the group about its absence, a warning will be issued.

II. COMMUNICATION

- The language of all team discussions must be English. All team members must treat each other with respect and honour differences in personal views.
- Every team member has the right to express their personal opinions regarding any part of the project. Every team member's opinion must be respected and considered thoroughly.
- Team members are advised to reply to the messages on a group chat as soon as possible. If a group member will be unreachable, person should inform the group about it. No answering within 24 hours without prior notice, will result in a warning.

III. MEETINGS AND WORK ATMOSPHERE

- The work must be divided and equally shared between the team members. After a part of the work has been finished, the team reviews it together and agrees on any improvements.
- The meetings must be scheduled beforehand, and all team members must be informed about it.
- Team meetings are mandatory. In a case of team member unavailability, other group members must be informed.
- A certain deadline is set for all the divided work. Everything necessarily needs to be done within the due time. In case of a delay, a warning will be issued.

IV. STRIKING SYSTEM

- After a punishable behaviour a team member is being issued with a warning. If the bad behaviour happens again, the strike is given.
- There is a total limit of 3 strikes. After that a lecturer will be informed.
- After a strike being received, a team member can appeal from it. In such case, the strike will then be reconsidered by all the group members.
